short line.

Prince William is only in his 28th year. He is het pride of the military party, was a favorite of the late functor, and is the hope of Prince Biamarck. The young man batts every thing that is not German, and will be a source of danger to the prace of Enrope should be come upon the throne. It my German who discusses the question as in what will be the readil when be is Emperor says: There will be war. It is only a few years ago that at a banquout g ven by him to the ofners of his regiment he refused to drink champagne, saying. If drink nothing but German wine. His hatred of Riasia is no less better than that for France, it is said, end for England he is known to have no great love.

Prince William has been well educated and rarefully trained. He received private instructions in classic languages, mathematics, physics, religion and synthastics. He was then sent to the gymnasium at Cassel, where he issued his examination for the university in the redit. He was then sent to Bonn, where he studied diligently and was very popular with the students, joining with them in their entertainments in the kneipen. It is also recorded of him that he had a youthful payon for her writing dramas and had them played by his fellow-students. One of these productions was on the subject of Charlemagne in "Aix-in-Chapetle." He also translated some of the cales of Horace. Finally he took his degree, and then leaving Bonn returned to Potschill, shere, is 187, he was unmediately placed in the Peter Heyself Regiment of the Guards.

The Prince's military rank at present is reloant, economical or of the Hussian's of the function, commander of the Hussian's of the function, commander of the Hussian's of the function of a proving himself a second Frederick the Great.

He married February 37, 1881, Princess Auter the Great of Schleswar-Holstell, it is very popular with the army, and colouns to the Great.

SNOWED UNDER.

Terrible Storm in New York State.

No Trains Can Move and All Telegraph Wires Down-New York State Takes the Laureis From Dakota-Nothing Like it on Record.

New York, March 12-At ten o'clock this evening the State of New York was completely snowed under. The oldest persons never saw its equal. Not one train was dispatched by either the Eric or Central to-day; something unprecedented Telegrams from distances of two hundred miles have the same story to tell, namely : "It's the worst storm ever known here. The weather in this city stopped courts. Jurors and witnesses in a murder case were unable to arrive. Every street car in York, Brooklyn and Jersey City and the elevated trains were stopped. The Brooklyn bridge and ferries were almost abas doned. Down town hotels are crammed with suburbanites. The elevated roads run three thousand trains daily, usually, Never before were they stopped. West erners declare that Dakota never furnish ed an equal to New York's blizzard of to day. Of forty mails due between fou 'clock and noon, only two arrived by two this afternoon. At nine o'clock this evening there was no abatement of the storm. The themometer has fallen to 4. Frozen ears and feet were tover so numerous. The drug stores have seen filled with patients all day and even ing. A woman absolutely froze to death to-night at the corner of Broadway and Pulton street, supposed to be the busiest four corners on earth. In hundreds of streets loaded wagons were abandoned and the horses taken to the nearest snow into drifts countless accidents from slipping are reported. The Astor House alone turned away three hun-The new King was proclaimed Frederick III. He signs "Frederick," without reference to Emperor of King.
